

ACTIV PRO ALCOFIX EXTRA

Product Applications

Alcofix is a unique one step alcohol eliminating fountain solution concentrate for sheet-fed presses.

Details & Advantages

- Completely eliminates the use of alcohol; enables you to "Go Green"
- Compatible with all alcohol dampening systems; helps reduce fount inventory in the pressroom.
- Enables fast clean-up and rapid attainment of ink-water balance; for reduced start-up wastage
- Effective biocide system; for prolonged bath life & minimal effluent generation

Instructions for use :

- Depending on usage condition, add between 4% ~ 6% concentrate in water (40 ml ~ 60 ml concentrate in one litre of water).
- Ideal dilution depends on press speed, type of dampening system, ink type and paper quality.
- Use a freshly calibrated conductivity meter, for accurate dosing control. Ensure that the mixed fount solution is within ± 100 μ s of the pre-determined mix.
- To ensure optimum tray life, thoroughly clean the dosing, circulation and feeding systems with Fount System Cleaner and deglaze ink train and dampening rubber rollers, before charging freshly mixed solution.

Storage, Handling & Packaging

- **Precautions :** Avoid contact with skin and eyes.
- **Packing :** 5, 25 Litres
- **Storage & Handling :** Protect from direct sunlight. Store at moderate temperatures in a dry, well-ventilated area. Keep the containers tightly closed when not in use. The use of safety gloves is recommended.
- **Shelf-life :** 12 months from the date of manufacture.
- **MSDS (available on request) before using the product.**
- **Do contact us for trials and further details.**
