

# ACTIV PRO SUPER FOUNT

## Product Applications

Activ Pro Super Fount is a high quality reasonably priced fountain concentrate for use in both sheet fed & web offset Machines.

## Details & Advantages

- Buffered to give consistent PH and lower conductivity.
- Contains sequestering agents making it suitable for use with hard water.
- Contains corrosion inhibitors for both ferrous and non ferrous metal parts.
- Contains defoamers to minimize foaming even with very soft water.
- Maintains consistent quality throughout print run.
- Contains broad spectrum Biocide.
- Eliminates gumming of anodized plates during stoppages.
- Compatible with alcohol dampening systems.

## Instructions for use :

Add 2 to 3% (20 to 30 ml. per litre) of Super Fount to clean water, free from un-dissolved solids. Check and adjust water feed as per requirements. Dosage may vary with users in-plant conditions.
