

ACTIV PRO DE-FOAM

Product Applications

DE-Foam is an anti-foaming additive concentrate for high speed fount circulation systems where foaming is a problem.

Details & Advantages

- White milky emulsion fpH6-8.
- To be added to diluted fount solution at 0.05~0.1%
- Assists in reduction of chemical foaming.

Usage information

- Make a 1% solution of DE-Foam in normal tap water.
- Diluted DE-Foam may be added to the diluted fount at 0.5~1% to achieve the desired reduction in the rate of foaming.

Storage, Handling & Packaging

- **Storage & Handling :** Store at moderate temperatures in a dry, well-ventilated area, away from sunlight. Always keep the containers tightly closed. The use of gloves and safety goggles is recommended. Avoid contact with skin and eyes
- **Shelf-life :** 12 months from the date of manufacture.
- **Packing : 1 Litre**
- **Do contact us for trials and further details.**
