

ACTIV PRO HYDRONOL XL

Product Applications

Hydronol XL is an additive for the fountain solution mixture, to be used in place of IPA.

Features & Benefits

Compatible for use with all types of alcohol dampening systems.

Replenishment will be required to maintain the level of Hydronol XL in mixed solution.

Usage Instructions

- Dilution may be altered to suit the requirements of the press, substrate type, inks and other variables.
- Hydronol XL is recommended for dosing of 6% - 8% under ideal press conditions.
- Always ensure that Hydronol XL is added to the mixed fountain solution and not to the concentrated fountain.
- Chilling and on-line replenishment are recommended to ensure consistency of performance and to prevent evaporation loss.

Storage, Handling & Packaging

- **Precautions :** Avoid contact with skin and eyes.
- **Packing :** 25, 210 Litres
- **Storage & Handling :** Store at moderate temperatures in a dry, well-ventilated area. Keep away from sources of heat, sparks, open flames and static electricity. Keep the containers tightly closed; when not in use. The use of gloves is recommended.
