

# ACTIV PRO PLATE CLEANER UV

Premium plate cleaner for CtP and Analog plates using UV & EB Inks

## Description & Application

Plate Cleaner UV is a premium, white emulsion plate cleaner for the cleaning and desensitisation of analog and CtP plates using **UV and EB inks**. It can also be used for cleaning ink from plates prior to storage and during routine plate cleaning operations.

## Features & Benefits

- Safe on unbaked CtP and analog plates ; for optimum plate mileage on press.
- Powerful cleaner for UV and EB inks yet safe on plate image areas.
- Instantly removes scum & ink ; for optimum consumption.
- Completely desensitises non-image areas ; for trouble-free plate performance.
- Ideal viscosity ; for ease of application.

## Usage Instructions

1. Shake the bottle well and apply to plate surface with a **damp sponge**.
  2. Wash off the residue with a **clean damp sponge** and continue printing.
- **Note:** For best results, use on a **damp plate**.

## Storage, Handling & Packaging

- Store at moderate temperatures in a dry, well-ventilated area, away from direct sunlight.
- Keep the containers tightly closed when not in use.
- The use of **gloves is recommended**. Avoid contact with skin and eyes.
- Keep away from sources of heat, sparks, open flames and static electricity charges.
- **Shelf-life:** 12 months from the date of manufacture.
- **Pack Size:** 1&5 litres.
