

# ACTIV PRO UNI GUM

## Product Applications

Uni Gum is a premium general-purpose plate finishing and desensitizing gum.

## Features & Benefits

- Ready to use finishing gum solution.
- Compatible with plate finishing as well as pressroom applications.
- Suitable for short duration plate storage.
- Can be used in automatic processors for gumming of plates.

## Usage information

Apply sufficient quantity of the solution on the plate after removing excess water. Buff down to a very fine lint-free cloth. Wash the plate prior to machine start-up.

## Storage, Handling & Packaging

- **Precautions :** Avoid contact with eyes. Not recommended as a finisher on presensitised aqueous negative plate before inking-in.
- **Storage & Handling :** Store at moderate room temperatures in a dry, well-ventilated area. Protect from heat and direct sunlight. Keep the containers closed
- **Packing : 5 Litres**
- **MSDS (available on request) before using the product.**
- **Do contact us for trials and further details.**
